

**Village of Skaneateles  
Planning Board Meeting  
September 5, 2013**

---

Continued discussion regarding the tree planting plan in the matter of the application of Parkside Development for final subdivision approval of Phase IV (Section 4) of the Parkside Village Subdivision in the Village of Skaneateles.

---

**Present:**        Bruce Kenan, Chairman  
                     Mark Roney, Member  
                     Carol Stokes-Cawley, Member

                     Riccardo Galbato, Attorney for the Planning Board  
                     Dennis Dundon, Clerk to the Planning Board

                     Frank Sheehan, Skaneateles  
                     Nanette Rodormer, Skaneateles

**Absent:**        William Eberhardt, Member  
                     Douglas Sutherland, Member

Chairman Kenan opened this portion of the meeting at 7:53 pm, asking whether anyone was here from Parkside. Mr. Dundon explained that it was on the agenda because trees are still an open item in this matter. Chairman Kenan said, “Ann Neibert was here a couple of meetings ago, She expressed some concern about how the trees were doing and she was also concerned about the species being used. Should we, prior to the next meeting; are we still using the same engineers, GHD? I don’t know if they are experts in trees – probably not. Should we get them to get someone to advise them and then they could advise us?” Member Stokes-Cawley said, “Bob Lotkowitz had two interns who compiled a tree inventory and classified them as healthy, diseased or dead. It would be interesting to see how that relates to Ann’s report.”

Chairman Kenan asked that we get some more specifics as to Ann Neibert’s committee’s concerns or comments are. Also, he asked if Bob Lotkowitz could use the interns or the Village’s arborists, Bartlett Tree, to render an opinion. Attorney Galbato suggested that he email the applicant to find out the status of the pending plat map. This matter was continued to the next meeting at 7:57 pm.

Respectfully submitted,

Dennis Dundon, Clerk to the Boards
