Present: Chad Rogers, Chairman
Kathy Dyson, Member
Ted Kinder, Member

Dennis Dundon, Clerk to the Boards

Kathy Kinder

Absent: Dave Birchenough, Member
Lisa Riordan, Member

At 7:30 pm, Chairman Rogers called the matter of Chris Newcomer's application for a Certificate of Approval for a business sign at 42 East Genesee Street. Chairman Rogers said, "This is for the Loft 42 building. We got the application for the new front door signage. It is 3M frosted adhesive vinyl, spelling Loft and 42. It is already in place; I'm sure everyone has seen it. I don't really have any issue with it. I think it fits. Actually I never even noticed the curved glass piece there. I think it fits in well and it's easily removable; not permanent." Member Kinder, "It's really cool. What are we seeing, it is frosted and clear glass? Oh, we're seeing a reflection!" Member Dyson, "Wait a minute. It's a reflection. That's what I was trying to figure out; are they doing something new to it?" Member Kinder, "I thought they were doing something to the glass." Chairman Rogers, "I think that's just reflection. It's the same 3M that's been on there since they did the building. Can we have a motion?"

Member Dyson, "I make a motion that we accept it as presented, since it is already up." Chairman Rogers seconded the motion. Upon the unanimous vote of the members present in favor of the motion, Chairman Rogers declared the motion passed.

Upon motion of Member Kinder, seconded by Chairman Rogers, the meeting was adjourned at 7:34 pm.

Respectfully submitted,

Dennis Dundon, Clerk to the Boards
