

Cemetery Board Meeting

March 17, 2020

9:05

Present: Robert Gray III, Susan Murphy, Mary Marshall, Roben Shappell

- Approved February 24, 2020 minutes
- updated budget for new equipment from \$5900 to \$8000. Questioned about trade in. Will ask Dave.
- Driscoll bench - please contact. - depth to be decreased to between 22" - 18" to give enough clearance for future burials - both parties have to provide letters of agreement t the placement of monument (centered on 2 2-grave lots), not allowing the bricks - has to be from naturally formed stone (wording in the rules and regulations). Bricks are not long lasting, prone to chipping. We will supervise installation- extra \$200. Motion - Sue, seconded by Mary. All approve.
- Delaney - approve 3 flat markers at head. Removal of slant stone at their expense. We would charge them for 3 foundations, 2 if the original can be salvaged. Please contact them. Motion - Sue, seconded by Mary. All approve.
- Cemetery Administrator - see email.
- no Village minute
- Transactions - see agenda
- Other Business - McDowell tree - we are going with our original decision - following cemetery plan map, do not want to set a precedent. Motion - Mary, seconded by Sue. All approve. Please contact.

Regarding the Saturday issue of the fireworks and mini-bikes early that morning. Robby checked the cemetery and found no damage. The police are aware of the situation. Also aware of who were involved.

Roben Shappell
