Subject: Thank you

Hello Tom, Mayor and Village Trustees,

I just wanted to say thank you for taking time out to talk with me this week about the Veteran's Day Flag installation. I appreciate you listening to our concerns regarding the display and really going above and beyond to accommodate. Tom, Kathleen and the Mayor listened and came up with a great solution. I appreciate all Tom's help with this as well, as the installation and the flags look beautiful as always. Leanne, Amy and Bridget did all the work for this event, I was just a back-up as they were out of town, but just wanted to express my appreciation for talking it through with me.

Look forward to seeing many of you on Friday.

Thank you,
Carrie
