**NYCOM Legislative Priorities Meeting
Tuesday, November 28
10:00 a.m. - 12:00 p.m.
via Zoom**

You are invited to participate in the upcoming meeting of the NYCOM membership to establish our Legislative Priorities for 2024. The meeting will be held on Tuesday, November 28, from 10:00 a.m. to 12:00 p.m. via Zoom, allowing for convenient engagement with our members.

The direct involvement of our city and village leaders in developing and advocating for our legislative agenda is more important than ever before. Given the uncertainty surrounding the State's financial position, the challenges of rising inflation, the flattening of sales tax revenues, and the end of extraordinary federal aid, the 2024 legislative session will be a critically important one. NYCOM and our cities and villages will have to lobby harder than ever before to ensure that our members receive the funding, tools and flexibility you need to continue to provide essential services, protect your residents, and improve the quality of life in your communities. We hope you are able to join us as we begin this process.

There is no fee for this meeting, so please take a moment and register here. Prior to the meeting, all pre-registrants will receive an email with the policy proposals to be discussed.
