Subject: New CNY coordinators & energy code training 5/23

April 22, 2024

**New CNY Clean Energy Community
Coordinators
&
Energy Code Enforcement Training 5/23/24**

**Meet the new Clean Energy Community Coordinators
for CNY!**

New CNY CEC Coordinators, Mike Boccuzzi and Victoria Ciszewska

The Central New York Regional Planning and Development Board has recently added two new coordinators to assist municipalities in Central New York in working through NYSERDA's Clean Energy Communities (CEC) program.

Mike Boccuzzi will be assisting with the CEC program for municipalities located within **Onondaga and Oswego Counties**. You can contact Mike at mboccuzzi@cnyrpd.org.

Victoria Ciszewska will be assisting with the CEC program for municipalities located within **Cayuga, Cortland, and Madison Counties**. You can contact Victoria at vciszewska@cnyrpd.org.

Both Mike and Victoria will work alongside Energy Program Manager Amanda Mazzoni to help communities work through clean energy actions, including finding funding to implement projects, connecting with contractors, submitting documentation to NYSERDA for credit, and submitting CEC grant applications.

As a reminder, regional CEC Coordinators are available **at no cost** to assist municipalities in working through the program.

CEC Round 3.0 has something for every municipality, and we encourage you to reach out to [Amanda](#), [Mike](#), or [Victoria](#) to schedule a one-on-one meeting to discuss how the program could work best for your community!

CNY's next Energy Code Training will be on Thursday, May 23 from 8am-5pm

Energy Code Enforcement Training

Thursday, May 23, 2024

8am-5pm

126 N Salina St, Lower Level Conference Room

[Register Here for the 5/23 Energy Code Training!](#)

To earn points in NYSERDA's Clean Energy Communities program for the code enforcement training action, code officers need to attend a Clean Energy Communities code enforcement training after October 2021. Any other code training does not count towards these points.

Not sure if you've already completed this action? Please contact Amanda Mazzoni at amazzone@cnyprbd.org to clarify.

This training will also provide code officers with 8 continuing education credits from the NYS Department of State and 8 AIA credits for architects. These credits are available each year you take the course.

Please note that lunch will be on your own, though there are a number of fast casual restaurants within walking distance. If you register and later realize you cannot attend, please contact Amanda Mazzoni at amazzone@cnyprbd.org.

Can't make it 5/23 in Syracuse?

Other upcoming eligible trainings are posted at <https://www.newportventures.net/nyserda-energy-code-enforcement-training> as they get scheduled and are called "Energy Code Enforcement Training." Any other code training will not earn points in the CEC program.
